SECTION 4. FIRST AID MEASURES

4.1 Description of first aid measures	Inhalation	Move victim to fresh air. In case of difficulties after dust inhalation contact doctor.
	Eyes	Wash eyes with plenty of water during at least 10 minutes. If irritation persists, contact doctor.
	Skin	Remove contaminated clothing. Wash the skin with water.
	Ingestion	Never induce vomiting. Contact doctor as soon as possible.
4.2 Most important symptoms and effects, both acute and delayed	Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. Accidental ingestion may lead to penetration of particles into the lungs and cause serious health problems (pneumonia, pulmonary oedema).	
4.3 Indication of any immediate medical attention and special treatment needed	In case of accidental ingestion, in case of difficulties after contact with eyes and also in case of allergic skin reaction immediately contact doctor.
